## **Forecasting Oracle Performance:**

**Forecasting Oracle Performance** Craig Shallahamer, 2007-10-05 What makes seasoned IT professionals run for cover Answer Forecasting Oracle Performance Craig Shallahamer is an Oracle performance expert with over 18 years of experience His book is the first to focus not on the problem of solving today s problem but squarely on the problem of forecasting the future performance of an Oracle database Other Oracle performance books are good for putting out fires Craig s book helps you avoid all the heat in the first place If you re an IT practioner who appreciates application over mathematical proofs than you ll be pleasantly surprised Each chapter is filled with examples to transform the theory mathematics and methods into something you can practically apply Craig s goal is to teach you about real word Oracle performance forecasting Period There is no hidden agenda This book is a kind of training course After reading studying and practicing the material covered in this book you to be able to confidently responsibly and professionally forecast performance and system capacity in a wide variety of real life situations If you are more management minded or want to be you will be delighted with the service level management focus Forecasting makes good business sense because it maximizes the return on IT investment and minimizes unplanned down time To those who think forecasting is a waste of money well obviously they ve never been on the evening news because their company lost millions of dollars in revenue and brand destruction because of poorly performing or unavailable systems Without a doubt you will be equipped to deal with the realities of forecasting Oracle performance But this book gives you more Not only will you receive a technical and mathematical perspective but also a communication a presentation and a management perspective This is career building stuff and immensely satisfying
