George W. Bush Bryan Hilliard, Tom Lansford, Robert P. Watson, 2004-08-24 Essays on the first two years of the Bush presidency

George H. W. Bush Curt Smith, 2014-11-01 George H W Bush ranks among America's most distinguished men of the twentieth century A war hero businessman politician and the forty first president of the United States Bush has spent most of his life dedicated to public service Curt Smith worked with Bush for more than twenty years including during his presidency when Smith wrote more speeches for Bush than anyone else Smith's exploration of Bush's service includes in depth narratives on the invasion of

Panama the first Gulf War the fall of the Berlin Wall and the collapse of the Soviet Union and the Iron Curtain He also chronicles the contrasting presidential elections of 1988 and 1992 examining the successes and failures of each Smith profiles the people germane to Bush's life and career his wife Barbara mentors such as Ronald Reagan and political allies such as Margaret Thatcher and many more George H W Bush Character at the Core shows how Bush's courtesy and belief in work religion and American exceptionalism helped the patrician connect with Middle America and take his place among the most revered statesmen of his time The Presidency of George W. Bush John Robert Greene, 2021-10-15 The Presidency of George W Bush is the first balanced academic study to analyze the entirety of his presidency domestic social economic and national security policies as well as the administration's response to 9 11 and the subsequent War on Terror In so doing John Robert Greene argues persuasively that the judgment of most scholars that the Bush administration was a complete failure has been made in haste and without the benefit of primary sources This book is the first scholarly work to make wide use of the documents at the George W Bush Presidential Library many of which have only recently been made available to researchers through the Freedom of Information Act John Robert Greene offers a balanced assessment and nuanced conclusions supported by documentary evidence Yet in doing so he does not absolve the Bush administration of its shortcomings The Presidency of George W Bush shows that the administration could be vindictive as demonstrated by the Plame Wilson affair and the firing of the US attorneys It all too often moved too slowly as shown by the National Security Council's lethargic handling of terrorism pre 9 11 the failed attempt to revise Social Security and the sluggish reaction to Hurricane Katrina It was an administration that accepted and acted on the highly suspect theory of the unitary presidency as advocated by Dick Cheney and accepted by the president On the other side of the balance sheet however the evidence also makes it eminently clear that the Bush administration was responsible for many positive achievements No Child Left Behind set the nation on the road toward affecting serious educational reform In healthcare reform the Bush administration both strengthened the Medicare system and extended its benefits for millions of Americans And Bush did more to combat the worldwide scourge of AIDS particularly in Africa than any other president In sum the actions of this presidency continue to affect the presidencies of each of his successors as well as the trajectory of world history to the present day Out Of The Shadow Christopher Maynard, 2008 As America watched the fall of the Berlin Wall with great enthusiasm President George H W Bush called the incident simply a good development He knew that the Cold War was far from over and that bringing it to an end would require not only symbolic gestures but also practical diplomacy During Bush's presidency 1989-93 the Berlin Wall fell the Warsaw Pact dissolved Germany was reunified and the Soviet Union ceased to exist Yet many people believe the Cold War ended under Reagan and that Bush's foreign policy achievements were merely an extension of Reagan's policies In this in depth look at the Bush administration's handling of the end of the Cold War author Christopher Maynard argues that Bush actually made a fundamental shift in foreign policy regarding the Soviet Union In part he believes historians have

downplayed Bush's contribution because they have focused on the strong ideological rhetoric of Reagan and Gorbachev without looking at the day to day process of policymaking during the Cold War. *Out of the Shadow* incorporates a variety of important previously unused sources. Its focused treatment of the topic will appeal to scholars interested in both the first Bush presidency and the Cold War. George H.W. Bush Heidi M.D. Elston, 2024-07-30 This biography introduces readers to George H. W. Bush including his early political career and key events from Bush's administration including the Strategic Arms Reduction Treaty, the Persian Gulf War, and the 1992 Los Angeles Riots. Information about his childhood, family, personal life, and retirement years is included. A timeline, fast facts, and sidebars provide additional information. Aligned to Common Core Standards and correlated to state standards. Big Buddy Books is an imprint of Abdo Publishing, a division of ABDO. **The Rhetorical Presidency of George H. W. Bush** Martin J. Medhurst, 2006 Here the contributors suggest how embracing the art of rhetoric might have allowed Bush to respond more successfully to the challenges of his presidency. Drawing on the resources of the Bush Presidential Library and interviews with some of his White House aides, they explore such issues as the first Gulf War, the fall of the Berlin wall, Bush's environmental stance, and the 1992 re-election campaign.
