 Cynthia Z. Cohen,2018-08-15 Recent academic research criticizes the effectiveness of traditional lecturing methods and
 instead shows the pedagogical effectiveness of active learning methods especially discussion based education Drawing on the
 dialogic writings of Bakhtin Freire and Habermas this study reviews the five primary themes cited in active learning research
 improvements in student concentration socialization in disciplinary norms scaffolding towards higher critical thinking
 inclusion of non traditional learning styles and reduction of student absenteeism Testing these findings in a discussion based
 undergraduate college education classroom this study finds significant improvements towards higher critical thinking skills
 increased student concentration and reduced student absenteeism However the study finds questionable effectiveness of
 discussion based teaching for socializing undergraduate college education students in disciplinary norms **Report on**
