The Research Probe TRP is a proceedings publication of institutional conferences and research competitions. It focuses on four broad themes: education and development studies, humanities and social sciences, science technology engineering and mathematics, and business management and accounting. This publication provides a platform for experts and practitioners from various fields in the dissemination of their research works that address industry trends and needs, scientific findings, and international concerns. Both the institutional conferences and proceedings publication promote a wider horizon for researchers through an open access paradigm. TRP publishes articles employing any of the various research methods and strategies. It accepts any specific topic within these broad subjects. It also encourages interdisciplinary articles that broadly discuss key topics relevant to the core scope of the journal.

NICE at 25 Peter Littlejohns, Keith Syrett, 2024-08-30

Marking its 25th anniversary, this fascinating collection examines the pioneering work of the National Institute for Health and Care Excellence (NICE). Setting standards for the delivery of healthcare, issuing guidance on public health, and assessing and making recommendations on health technologies, NICE has attracted widespread international attention, emulation, and comment. The authors in this collection, drawn from a broad range of disciplinary backgrounds, offer analysis of key issues which have informed NICE's work, from the principles of health economics to patient engagement to the legal basis on which NICE operates. Covering many of the most important themes within contemporary debates on health policy and management today, this insightful collection will interest students and researchers as well as policy makers in the field.
