**A Sailor's Logbook** Mark L. Thompson, 1999-06-01 Thompson navigates the reader through the waters of the Great Lakes and his own life in this very special narrative

*On Roads* Joe Moran, 2010-12-09 In this history of roads and what they have meant to the people who have driven them one of Britain's favourite cultural historians reveals how a relatively simple road system turned into a maze like pattern of roundabouts flyovers and spaghetti junctions Using a unique blend of travel writing anthropology history and social observation he explores how Britain's roads have their roots in unexpected places from Napoleon's role in the numbering system to the surprising origin of sat nav Full of quirky nuggets of history such as the day trips organised to see the construction of the M1 and the 2.5m Mills and Boons used to build the M6 Toll Road *On Roads* also celebrates innovators whose work we take for granted such as the designers of the road sign system On subjects ranging from speed limits to driving on the left and the non places where we stop to the unwritten laws of traffic jams these hidden stories have never been told together until now

*Moby-Duck* Donovan Hohn, 2012-02-01 When Donovan Hohn first heard the remarkable story of how 28 904 bath toys spilled into the Pacific en route to the US from China and have been washing up along beaches throughout the world ever since he decided to find out more and assumed he would interview a few oceanographers talk to some beachcombers and read up on Arctic science and geography But questions can be like ocean currents wade in too far and they carry you away Setting out on a series of journeys to track the renegade rubber ducks *Moby Duck* is an adventure into the heart of the sea through science myth the global economy and some of the worst weather imaginable and the riveting story of an accidental odyssey which pulled Hohn into the secretive world of shipping conglomerates the daring terrain of Arctic researchers the lunatic risks of maverick sailors and the shadowy domain of Chinese toy factories With each new discovery Hohn learns of another loose thread and with each successive chase he comes closer to understanding where his castaway quarry comes from and where it is heading In the grand tradition of Tony Horwitz and David Quammen *Moby Duck* is a compulsively readable narrative of whimsy and curiosity for anyone who is interested in obsession travel plastic and that great American novel *Moby Dick*

*The Return of Ulysses* Edith Hall, 2008-01-30 Whether they focus on the bewitching song of the Sirens his cunning escape from the cave of

the terrifying one eyed Cyclops or the vengeful slaying of the suitors of his beautiful wife Penelope the stirring adventures of Ulysses Odysseus are amongst the most durable in human culture The picaresque return of the wandering pirate king is one of the most popular texts of all time crossing East West divides and inspiring poets and film makers worldwide But why over three thousand years has the Odyssey s appeal proved so remarkably resilient and long lasting In her much praised book Edith Hall explains the enduring fascination of Homer s epic in terms of its extraordinary susceptibility to adaptation Not only has the story reflected a myriad of different agendas but from the tragedies of classical Athens to modern detective fiction film travelogue and opera it has seemed perhaps uniquely fertile in generating new artistic forms Cultural texts as diverse as Joyce s Ulysses Suzanne Vega s Calypso Monteverdi s Il Ritorno d Ulisse in Patria the Coen Brothers O Brother Where Art Thou Daniel Vigne s Le Retour de Martin Guerre and Anthony Minghella s Cold Mountain all show that Odysseus is truly a versatile hero His travels across the wine dark Aegean are journeys not just into the mind of one of the most brilliantly creative of all the ancient Greek writers They are as much a voyage beyond the boundaries of a narrative which can plausibly lay claim to being the quintessential global phenomenon **Subject Guide to Books in Print** ,2001
