Beckett Basketball Card Price Guide James Beckett,1996-08 *Going for Gold* Zoltan Erdey,2021-03-10 Do you want
to build your wealth and secure your financial future Do you want to ensure that inflation does not eat away at everything
that you have worked so hard for Do you want to own wealth outside of the paper financial system If your answer to these
three questions is yes then you need to own real money Not rands dollars or euros these are merely fiat currencies You want
to own gold and silver as without them your wealth is only worth the value of the ink and the paper on which it is printed For
thousands of years holders of gold and silver have discovered that both metals are monetary antidotes against global
financial chaos caused by debt fiscal imprudence and ad infinitum money printing The proprietor of even a few ounces of
gold is not only an investor but an individual with the assurance that their wealth and purchasing power remains preserved
Going for Gold is not an attempt to coerce investors into allocating a portion of their total investment portfolio to precious
metals Rather it speaks directly to the South African investor and declutters and contextualises the vast amounts of
information available about precious metals providing counsel that the mainstream financial industry has disregarded at best
and suppressed at worst The 2000 Standard Catalog of Basketball Cards Price Guide Editors of Sports Collectors,2000-04
