The significance of the European Security Strategy of 2003** Carolina Gerwin,2019-12-09 Essay from the year 2018 in the subject Politics Topic Peace and Conflict Security grade 8 2 Leiden University language English abstract The essay deals with the question whether the EU has established a strategic culture regarding its foreign and security policy It begins with a discussion of the concept of strategic culture to then dive into the sources of strategic culture and the extent to which the member states of the EU have similarities within those sources namely geography and history and political structure and institutions Afterwards the European Security Strategy of 2003 is considered as a potential manifestation of EU strategic culture followed by developments after 2008 The essay concludes that the EU is growing closer to having a common strategic culture

but that it has not happened yet Due to significant changes with regard to the security situation after the end of the Cold War caused by conflicts in former Yugoslavia the attacks on September 11 2001 and the differences regarding the Iraq war for instance the necessity for a coordinated European foreign and security policy became evident Therefore on December 12 2003 the European Council agreed to the European Security Strategy ESS whose development was seen as an important step in defining common interests and goals of the EU regarding foreign and security policy
