Medical And Dental Investigating Panel:

Comparative Health Law and Policy Irehobhude O. Iyioha, Remigius N. Nwabueze, 2016-05-23 Health law and policy in Nigeria is an evolving and complex field of law spanning a broad legal landscape and drawn from various sources In addressing and interacting with these sources the volume advances research on health care law and policy in Nigeria and spells the beginning of what may now be formally termed the Nigerian health law and policy legal field The collection provides a comparative analysis of relevant health policies and laws such as reproductive and sexual health policy organ donation and transplantation abortion and assisted conception with those in the United Kingdom United States Canada and South Africa It critically examines the duties and rights of physicians patients health institutions and organizations and government parastatals against the backdrop of increased awareness of rights among patient populations The subjects which are discussed from a legal ethical and policy reform perspective critique current legislation and policies and make suggestions for reform The volume presents a cohesive comparative and comprehensive analysis of the state of health law and policy in Nigeria with those in the US Canada South Africa and the UK As such it provides a valuable comparison between Western and Non Western countries Due Process in Nigeria's Administrative Law System Oneyebuchi T. Uwakah, 1997 This book which relies on primary and secondary printed sources and a series of interviews with affected persons lawyers judges and customary court presidents in Nigeria focuses on the place of due process in the Nigerian legal system Uwakah is concerned about the abuse of this important fundamental right in his country The purpose of the book is to examine how due process operates in Nigeria and whether the coexistence of the customary law the English common law the Moslem law and the martial law systems in Nigeria hinders or enhances due process in the country Finally the study investigates the suitability of the British version of due process to Nigeria since the concept is imported to the country The book concludes that the British version of due process is unsuitable to Nigeria because the country's political economic social and religious backgrounds substantially differ from those of Britain This conclusion is premised on the consensus of the interviewees Uwakah recommends the country's immediate transition from military to civilian rule **Cases and Materials on Constitutional Law in Nigeria** D.
