Media And Society 9th Edition Campbell:

Media Education for a Digital Generation Julie Frechette, Rob Williams, 2015-10-14 Media education for digital citizenship is predicated upon the ability to access analyze evaluate and produce media content and communication in a variety of forms While many media literacy approaches overemphasize the end goal of accessing digital media content through the acquisition of various technology software apps and analytics this book argues that the goals for comprehensive and critical digital literacy require grasping the means through which communication is created deployed used and shared regardless of which tools or platforms are used for meaning making and social interaction Drawing upon the intersecting matrices of digital literacy and media literacy the volume provides a framework for developing critical digital literacies by exploring the necessary skills and competencies for engaging students as citizens of the digital world

The Electronic Church in the Digital Age Mark Ward Sr., 2015-11-10 This two volume set investigates the evangelical presence in America as experienced through digital media examining current evangelical ideologies regarding education politics family and government Evangelical broadcasting has greatly expanded its footprint in the digital age This informative text acquaints readers with how the electronic church of today spreads its message through Internet podcasts social networking religious radio programs and televised sermons how mass media forms the institution s modern identity and what the future of the industry holds as mobile church apps Christian based video games and online worship become the norm The work split into two volumes reveals the ways that the Christian broadcast community affects evangelical traditions and influences American society in general Volume 1 explores how electronic media shapes today s Christian subculture while the second volume describes how the electronic church impacts the wider American culture analyzing what key figures in evangelical mass media are saying about today s religious political economic and social issues The set concludes by addressing criticism about religious media and the prospects of American public discourse to accomodate both secular and religious voices

A Handbook of Media and Communication Research Klaus Bruhn Jensen, 2013-03 This handbook covers perspectives from both the social sciences and the humanities It provides guidelines for how to think about plan and carry out studies of media in different social and cultural contexts

Research Perspectives on Social Media Influencers and their Followers Brandi Watkins, 2021-03-15 Research Perspectives on Social Media Influencers and their Followers argues that the brands that find the most success on social media are the ones that acknowledge the real key to social media marketing it s all about the followers This collection edited by Brandi Watkins explores how social media has shifted power dynamics away from brands and toward the consumers themselves the social media users who choose to like share and engage with brands online This dynamic has paved the way for the rise of the social media influencer SMI a unique category of social media user who has a large platform and compelling content that attracts a number of loyal and devoted followers It s the followers that make SMI relevant and appealing to brands as a marketing strategy Contributors discuss emerging trends in research

related to the SMI and their followers as the influencer marketing industry continues to grow and evolve they argue so too should our understanding of the influencer follower relationship that makes this marketing strategy successful Each chapter of this collection presents a variety of research perspectives questions and methodologies that can be used to analyze this trend Scholars of media studies communication technology studies celebrity studies marketing and economics will find this book particularly useful Forthcoming Books Rose Army,2002 *Audience Genre Expectations in the Age of Digital Media* Leo W. Jeffres,David J. Atkin,Kimberly A. Neuendorf,2022-12-05 This volume bridges the divide between film and media studies scholarship by exploring audience expectations of film and TV genre in the age of digital streaming using qualitative thematic and quantitative data driven analyses Through four ground breaking surveys of audience members and content creators the authors have empirically determined what audiences expect of various genres the extent to which these definitions match those of scholars and critics and the overall variation and complexity of audience expectations in the age of media abundance They also examine audience habits and preferences drawing from both theory and original empirical analyses with a view toward the implications for the moving image in a rapidly changing media environment The book draws from the data to develop a number of new concepts including genre repertoire genre hybridity audience interest maximization and variety seeking and a new stage of genre development genre bending It is an ideal resource for students and scholars interested in the symbiotic relationship between audiences and the moving image products they consume as well as the way the current digital media environment has impacted our understanding of film and TV genres
