*Building Your Gaming PC for Beginners and Dummies* Aaron Nelson Ph D,2020-12-21 Building a gaming PC is arguably the best technological investment you can make A quality gaming rig lasts longer than a smartphone boasts more power than a gaming console and is infinitely more versatile than even the most powerful streaming box Whether you're typing up documents editing video or cranking up the settings on the latest and greatest games a gaming PC is the best tool for the job With regular maintenance one of these systems could last five years with regular upgrades maybe ten Still

building a PC can be a daunting process particularly for newcomers There are plenty of good guides out there particularly from our sister sites like PC Gamer and Tom's Hardware However both of these stories focus a lot on mechanics what components you need and how to fit them all into a motherboard Before I built my first PC even these guides would have been a little daunting Instead to split the process into two parts and take a more experiential tack Before you build a PC you need to decide why you want to build it What do you want that you can't get from a prebuilt machine Which parts will facilitate that goal And how can you make sense of the hundreds of different tech specs between the half a dozen different pieces you'll need With that in mind this book focuses on picking parts In a broad sense I'd like to discuss my thought process behind each part

*Guide to Building Gaming PC* Florence J Martin,2021-01-12 Whether you're a fan of multiplayer missions that you can play with people from all over the world or you prefer to take on solo quests there is a PC game for everyone However as you gain more experience as a gamer you also find yourself wanting more from every game you play

This could be higher definition graphics the opportunity to download and store more games or the ability to live stream to like minded game enthusiasts while you play These aren't the sort of things you can get from any ordinary PC though and a good gaming PC comes with a fairly relative spec to stats price tag It's for this reason that more and more gamers are choosing to build their own gaming PCs Not only is it cheaper to buy the hardware separately and assemble it yourself but it also gives you the chance to customize your PC to your own gaming needs But where do you even begin Don't panic we're here to help We've put together this ultimate guide to building a gaming PC Here you'll find everything you need to know about what parts are required how they work and most importantly how to put everything together This guide is intended to be used as a manual for people of all skill levels from absolute novice to tech wizard After all building a gaming PC is an intricate job and even the most technologically capable person might hit a bump in the road at some point Are you ready to embark on this adventure Excellent Gather your tools and equipment and let's get started **Digital Buying Guide 2005** Consumer Reports, Consumer Reports Books Editors, 2004-08-31 The experts at Consumer Reports provide this essential guide to everything for and about home computing and network needs **Computer Buyer's Guide and Handbook**
