## US CIVIL WAR: THE COURSE OF THE CIVIL WAR

VS

The course of the Civil War

The Civil War, spanning from 1861 to 1865, was a tumultuous period that irreversibly altered the course of American history. It began when the Confederate States of America fired upon Fort Sumter on April 12, 1861, and the Union army, under General Abraham Lincoln, responded by launching the Civil War.

The early years of the war were marked by significant losses for the Union side, including the First Battle of Bull Run, fought in Virginia, and the First Battle of Bull Run. This is understanding the strength of the Confederate army, including their superior tactics and the quality of their men.

By 1863, the Union army had won several major battles, including the Battle of Gettysburg, which turned the tide of the war in their favor.

On April 9, 1865, in the Battle of Appomattox Court House in Virginia, General Robert E. Lee surrendered to General Ulysses S. Grant at Appomattox Court House, marking the end of the Civil War.
