

# GATTACA Discussion Questions

Directions: Please watch the entire film before class. Answers to these questions are available. Many of these questions don't have right or wrong answers.

1. Should you have the right to a genetic examination if your thoughtful person child might inherit a genetic disease? (Harrington's Disease, Hurler's Syndrome, Scurvy disease, cancer, PKU, ...)

Yes. Because I would want to be in charge of my child's future just as I.

2. Should you have a genetic examination before children are born? (are right-handed?)

Probably. But it doesn't matter, but I would.

3. In the movie, parents are told the children they can't have genetic tests to prove they're free children. How far would you go to make sure your child's OK? Should you change their name, age, make her disabled, intelligent, athletic, genius? Would it make sense you tell the parent about the genetic test if your child is OK?

a. That's stupid stuff.

b. That's intelligent.

c. That's fair.

4. In Gattaca, people are judged by their DNA and are born genetic underdogs. Would you let their shortcomings and their disadvantages tell their stories?

a. Advantages: My kid would be able to play any sport.

b. Advantages: They would be really smart, right away.

c. Disadvantages: My child has to deal with a medical problem.
