## May 2013 Watchtower Study Guide:

**Jehovah's Witnesses** George D. Chryssides,2022-01-27 What would happen if I accepted an invitation to Bible Study from Jehovah's Witnesses? What would attending a Kingdom Hall meeting involve? And if I invited door knocking Witnesses into my home? This book introduces Jehovah's Witnesses without assuming prior knowledge of the Watch Tower organization. After outlining the Society's origins and history, the book explains their key beliefs and practices by taking the reader through the process of the seeker who makes initial contact with Witnesses and progresses to take instruction and become a baptized member. The book then explores what is involved in being a Witness, congregational life, lifestyle, rites of passage, their understanding of the Bible and prophetic expectations. It examines the various processes and consequences of leaving the organization, controversies that have arisen in the course of its history and popular criticisms. Discussion is given to the likelihood of reforms within the organization such as its stance on blood transfusions, the role of women and new methods of meeting and evangelizing in response to the COVID 19 pandemic.

### **Historical Dictionary of Jehovah's Witnesses**

George D. Chryssides,2019-05-15 Originating from a small group of Bible students who met under Charles Taze Russell's leadership and grew into an international Society to which the second leader Joseph Franklin Rutherford gave the name Jehovah's Witnesses. Two World Wars shaped Watch Tower attitudes to civil government, armed conflict and medical innovations such as blood transfusion as well as to mainstream churches. The twenty first century has seen some important changes in the Watch Tower organization and coverage is given to changes in organizational structure, its use of the World Wide Web and its major relocation from Brooklyn to Warwick. This updated second edition of Historical Dictionary of Jehovah's Witnesses contains a chronology, an introduction and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on key concepts, themes and people relating to Jehovah's Witnesses. This book is an excellent resource for students, researchers and anyone wanting to know more about Jehovah's Witnesses.

### **Cult Shock** Mark

Stengler,2017-07-04 Two Christian Bible scholars outline arguments anyone can use to counter and evangelize to Jehovah's Witnesses and Mormons when they come knocking. Cult Shock is an easy to follow resource of Christian apologetics that teaches you how to defend your Christian faith against the claims of Jehovah's Witness and Mormon missionaries. Mark Stengler Jr and Mark Stengler Sr, a father and son team of Christian scholars, explain the beliefs of these groups and demonstrate through scripture and logic how Biblical Christianity refutes their worldview. Readers will gain confidence in witnessing to these groups based on the Stengler's recommended engagement techniques from their years of experience. Cult Shock provides all the tools you need to proclaim the real Jesus with fearless confidence.
