You will learn the stumbling blocks that the banks and finance companies use to steal your money, wealth, and financial freedom. We will show you how to pay off all your debt and even your mortgage in as few as 8-10 years. We will teach you how to use money and how to make the financial system work for you instead of the banks. How to build a successful financial plan that works in any economy through our practical and applicable knowledge of finance and economics. When you are in debt, you cannot live life on your terms. When you borrow money, you are taking money from your future self. It does more than just eliminate your debt in record time. It shows you how to leverage your interest savings to build life changing wealth. Robert began financial services training with his stepfather, a national trainer and speaker for United Services Planning Association. He later picked up financial training as a mortgage broker for Century 21 Coldwell Banker and ERA Realtor mortgage and financial services. During his five years there, Robert set up a credit counseling and get out of debt program for home buyers. During his time as an Insurance Agent and retirement consultant, Robert found a niche again helping people get out of debt. So after spending over 50K to learn from financial business entrepreneurs and internet experts, Robert has set up a software program that takes clients from debt to over a million dollars for retirement.
