TECHNOLOGY MANAGEMENT Dr S.N. Singh, 2018-10-10

India is on a speedy path of becoming a global manufacturing hub and this process has been accelerated post launch of Make in India initiative in 2014. New industries are being set up and the existing ones upgraded, inevitably requiring technology transfers. Hence Technology Management has assumed greater importance today. Technology Management involves planning, designing, optimizing, operation, and control of technological tools and is as important as the Technology itself for ensuring its complete exploitation. Associated decisions ought to be strategically aligned with the vision and goals of an organization as they impact its financial planning, profitability, and growth. Dr Singh brings a fresh perspective on Technology Management relevant in the Indian context. This book is based on his insights, learning, and case studies from the steel industry which have been interpreted through sound analytical tools and reinforced with well-accepted theories of Management. It culls out significant factors influencing Technology Management and suggests a Model for facilitating decision making associated with technology transfer from the preliminary stage of selection of technology till its implementation. Readers including academicians, Research Scholars, Entrepreneurs, and Decision Makers would benefit from the analysis of the factors influencing Technology Management.
