Healing the Mind through the Power of Story Lewis Mehl-Madrona, 2010-06-18 Psychiatry that recognizes the essential role of community in creating a new story of mental health Provides a critique of conventional psychiatry and a look at what mental health care could be Includes stories used in the author's healing practice that draw from traditional cultures around the world Conventional psychiatry is not working The pharmaceutical industry promises it has cures for everything that ails us yet a recent study on antidepressants showed there is no difference of success in prescribed pharmaceuticals from placebos when all FDA reported trials are considered instead of just the trials published in journals Up to 80 percent of patients with bipolar depression remain symptomatic despite conventional treatment and 10 to 20 percent of these patients commit suicide In *Healing the Mind through the Power of Story* Dr Mehl Madrona shows what mental health care could be He explains that within a narrative psychiatry model of mental illness people are not defective requiring drugs to fix them What needs fixing is the ineffective stories they have internalized and succumbed to about how they should live in the world Drawing on traditional stories from cultures around the world Dr Mehl Madrona helps his patients re-story their lives He shows how this innovative approach is actually more compatible with what we are learning about the biology of the brain and genetics than the conventional model of psychiatry Drawing on wisdom both ancient and new he demonstrates the power and success of narrative psychiatry to bring forth change and lasting transformation [Ecstatic Body Postures](#) Belinda Gore, 1995-05 With clear instructions and diagrams this manual explores the altered states of consciousness which are triggered as a result of practicing ancient shamanic postures and movements *The Secret of Inner Presence* Lin Lipetz, 2012-04-09 *The Secret of Inner Presence* begins with author Lin Lipetz's story of her spontaneous spiritual awakening in 1986 This amazing and unexpected event created an immediate awareness of a loving Inner Presence within her heart and a connection to another higher level of peace contentment and greater knowledge She now knows that Inner Presence waits patiently to manifest within each person and much of *The Secret of Inner Presence* is about providing the keys to bring about that shift in consciousness As each of the eleven keys is practiced and experienced the transformation toward a more complete understanding of the core self will gradually evolve through the loving guidance of the conscious Universe One of the eleven keys opens the way to intuitively listen to the many voices that will assist in this transformation through healing new insights dreams problem solving and caring advice Another key opens the way to deepen intuitively to the level of receiving messages from the Universe and possibly finding the guides that have been available since birth This process is called Stream of Consciousness writing and the powerful dialogues and inspirational poems the author has received in this way for many years are found in each chapter Chapter by chapter each of the eleven keys is presented by both the spiritual Universe and the author to help guide the reader to a higher dimension of the self [Change Maker](#) Rebecca Austill-Clausen, 2016-09-13 *When She Discovered That She Could Communicate with Her Dead Brother a World She Never*
