## **Mating Season Of The Dragons:**

Mating Season of the Dragons Moxie Morrigan, Bambi is a dedicated wildlife researcher following an astonishing tribe of humanoid dragons On one of her observations she realizes it is the breeding season for these creatures Will Bambi manage to mingle business with pleasure This story is 3 160 words long and contains scenes intended for a mature audience Excerpt She drew her head back from the edge of the stone as the creatures below her seemed to have reached their peak For once Bambi didn t want to see any more Her frozen position had sent sharp little pins and needles sensations through her hands and knees and it was a relief to roll over silently her back on the stone She was left staring up at the vibrant oranges and reds of dying leaves It was a warm autumn but that would be over soon and the tribe she watched now would retreat to warm caves for the winter this mating season resulting in several clutches laid during the cold months This group would probably be at it until the leaves finished falling Admittedly it was an interesting concept Bambi turned it over in her head What did it feel like to utterly give in to such primal instinct The rut had to be overpowering the desire to do nothing else but to find a mate to breed Bambi ran her hands down the front of her khaki vest feeling the press of her own ample breasts her nipples hard against the constraints of her bra Her own touch sent a surprisingly strong jolt through her a potent yearning Once more she found herself chewing on her bottom lip Maybe she should just work the tension out do something so that she could concentrate on getting out of here and finish up her notes It was distracting She tried to think of something else anything else as this was really not the time or the place for That She shifted her legs squeezing her knees together

**The Dragon Chronicles** Real Dragon,2013-06-07 The following tale is a story of fact and fiction The characters are real but some of the circumstances may be based on harmless fiction Please forgive me if any of you little dragons are offended in any way Before I can start the tale I have to thank all the dragon relatives for their kindness and assistance when the Lord of Thunder struck down our Bear Dragon 10 Real Dragon In particular I remember the year spent at the country school at the home of Ed and Margerite dragon The walk back to the farm after school still is a vivid memory to me I think this experience instilled in me the love for nature that still exists today Again I would like to thank this dragon family for their kindness and hospitality The tale begins

of the Dragons collection is now available in this anthology Get three steamy stories for the price of two with this collection  
of previously published stories Mating Season of the Dragons Bambi is a dedicated wildlife researcher following an  
astonishing tribe of humanoid dragons On one of her observations she realizes it is the breeding season for these creatures  
Will Bambi manage to mingle business with pleasure This story is 3 160 words long and contains scenes intended for a  
mature audience Excerpt It was a warm autumn but that would be over soon and the tribe she watched now would retreat to  
warm caves for the winter this mating season resulting in several clutches laid during the cold months This group would  
probably be at it until the leaves finished falling Admittedly it was an interesting concept Bambi turned it over in her head  
What did it feel like to utterly give in to such primal instinct The rut had to be overpowering the desire to do nothing else but  
to find a mate to breed Bambi ran her hands down the front of her khaki vest feeling the press of her own ample breasts her  
nipples hard against the constraints of her bra Her own touch sent a surprisingly strong jolt through her a potent yearning  
Once more she found herself chewing on her bottom lip Maybe she should just work the tension out do something so that she  
could concentrate on getting out of here and finish up her notes It was distracting She tried to think of something else  
anything else as this was really not the time or the place for That She shifted her legs squeezing her knees together Mating  
Season of the Dragons 2 In this sultry sequel to Mating Season of the dragons Bambi is back to work once more trying to  
study her tribe of humanoid dragons When she is discovered spying on the clan they are less than happy to see her and a  
familiar face comes to her rescue Bambi once more finds herself in the company of her half beast and once more she is  
unable to keep her hands to herself This short story is 3 512 words and contains scenes intended for a mature audience

Excerpt Red was watching her keenly drinking in her reactions even as she drank in the room When he caught her eye again he was suddenly touching her again once more closing hands about her and lifting her He didn't go far a few steps towards his shallow nest of a bed and he had placed her right into it The furs kept anything from being scratchy and she was surprised at how she sunk right into it Red was sinking on his digitigrade legs then his knees on either side of her He was straddling her body an intense glint in his amber eyes his intentions suddenly and perfectly clear Bambi was leaning up to kiss him again and found him willing though a moment later he had retreated from her mouth to let his gently forked tongue draw across her neck tasting the salt of her skin A gasp burst from her a shudder of pleasure moving south through her body

Mating Season of the Dragons 3 In the long awaited chapter of the Mating Season of the Dragons trilogy we find Bambi able to complete her research of her dragon tribe from the most intimate of locations she has been accepted into the home of her red dragon Will Bambi learn of his true intentions towards her And will she be able to keep from being distracted long enough to actually do anything resembling work This steamy story is 3 004 words and contains scenes intended for a mature audience
