Measuring Up Reading Lesson 16

George Washington Sandt

Measuring Up Reading Lesson 16:

The Greenlight Pathway Mae Collinsworth, 2025-11-19 Ideas don't win support because they're good; they win because they're guided through the right sequence of checkpoints. The Greenlight Pathway reveals a clean, repeatable system used by effective strategists to transform proposals from early concepts into aligned, well-understood decisions that leaders confidently approve. Inside this guide, you'll learn how to build momentum from the very first conversation, how to validate assumptions before they become risks, and how to break your proposal into strategic checkpoints that reduce friction and increase buy-in at every stage. You'll also discover how to frame options clearly, surface concerns early, and structure decision moments so stakeholders feel informed, respected, and ready to move forward. Whether you're proposing a project, pitching an initiative, shaping a product direction, or driving cross-functional alignment, this method helps you avoid stalemates, prevent surprise objections, and keep your idea moving toward an intelligent 'yes.'
