*An Investigation Into the Comparability of Two Tests of English as a Foreign Language* Lyle F. Bachman,1995-03-16 This book documents a major study comparing the Cambridge First Certificate in English FCE with the Test of English as a Foreign Language TOEFL to investigate similarities in test content candidature and use While both tests were designed to measure many of the same abilities they represent radically different approaches to language test development reflecting deeper differences between educational measurement traditions in the US and UK The thorough investigation of the fundamental characteristics and operational utility of two of the most widely used English tests for foreign students makes this study a valuable contribution to language testing research As such it will be of considerable interest to language testing specialists and examination boards as well as to academic researchers and graduate students in the field of language assessment more generally
