Eventually these murders were connected to Cecilia Steyn and her cult Electus per Deus chosen by God. Members of the cult were willing to do anything for Cecilia even if it meant committing murder. The murderers are intelligent ordinary people: a teacher, a financial broker, and a teenager who despite her involvement in the murders still managed to obtain six distinctions in matric and be accepted to medical school. Their victims merely kept their appointments not knowing that their appointments were with death. Who is Cecilia Steyn? How can one person manipulate five others to commit murder and perjury on her behalf? How did Satanism contribute to all of this? How did inexperienced criminals manage to evade capture for so long? Jana Marx answers these and other questions in this true crime account that led to one of the most
