Megameaning Book Two God And The Science Of Spirit:

Megameaning: Book Two: God and the Science of Spirit William J. Berndt, 2014-07-08 We go through our lives day to day growing older with each passing sunset and for most of us that's all it is passing through the commonplace world around us. But occasionally and very rarely we unwittingly peer into a hole in space and time glimpsing dimensions through a tear in the fabric of the universe. The following stories give us a brief look at people and places that have been thrust into such unimagined dimensions. Retired NYPD officer and charter boat captain encounters a demonic vengeance torn from the very depths of the ocean or perhaps out of a hole in fabric of the universe. Where is God? What would he be like if he showed up today? A degenerate gambler gets the answers on the Atlantic City boardwalk and it's nothing like he would ever imagine. What if one had been given the power to stop time? And how would the world be affected if that individual turned out to be despicable? Find the answer when you peek through a tear in the fabric of the universe. Crooked lawmen murder and decades old revenge in 1970's Louisiana ripped through a tear in the fabric of the universe. A Nazi SS killer squad in occupied France encounters an ancient horrific secret even more deadly than they ever could be. Such things occur when the veil of the universe is torn ever so briefly. This dramatized story is based on supposedly true events related to me by a resident of Shoreham Long Island NY. It's a tale of obsessions and supernatural beings thousands of years old in our midst today. From a tear in the fabric of the universe comes an implacable destiny that follows a modern submariner to an unwavering fate. Does love transcend space and time? Can it follow us to unimagined dimensions? Find out the answers in this tale of supernatural passion in 1965 war torn Saigon. When the universe erupts in catastrophe the only thing we may salvage is our basic instincts and perhaps it may be all we need to survive glimpses into such tears in the fabric of the universe. **MegaMeaning**

William J. Berndt, 2014-10-28 Modern science now stretches into the realm of the invisible. Are scientists now unwittingly knocking on the doors of heaven? How remarkable would it be if you could look at the behavior of spirit beings as described in the Bible and see the same types of behaviors in the subatomic particles of science? The resemblance is uncanny and this is where the fun really begins. Is it possible that this physical universe is merely an extension of the real world of God? Is it possible that a mega plan exists that is a work of genius proportion? Could the blueprint of eternal purpose be surrounding you every day? God. The Science of Spirit is volume two in MegaMeaning a series on the meaning of life. **Divine Science**

And Healing Malinda E. Cramer, 2014-01-14 A very full and comprehensive text book of Divine Science which is prefaced by the author's personal experience as a student of the Science and as a worker or demonstrator of its doctrines. This is followed by twenty three lessons covering all the important divisions of the study. The work has been revised and is now presented to the public in very complete form. Putting God Into Einstein's Equations Marcia Pollock, 2012-04 Putting God Into Einstein's Equations. Energy of the Soul is the direct outcome of an unusual and unique collaboration by soul mates Marcia and Jerry Pollock spanning the spiritual and physical worlds. Marcia is deceased and her contributions come from the powerful

The Two Natures in the Child of God Ethelbert William Bullinger, 2007-03-01 How does the dual nature of man both flesh and spirit challenge our adoration of God How can we understand this duality within ourselves in order to better celebrate our love for Him Here in this concise 1905 work one of the most respected Bible scholars of the 19th century takes this difficult question to hand and explores in profound inspiring depth how it can become

the grounds not for doubt but for reassurance the best proof we can ever have that we are God's handiwork and a new source of deep solace and joy British clergyman ETHELBERT WILLIAM BULLINGER 1837-1913 is author of numerous books including Commentary on Revelation Great Cloud of Witnesses and How to Enjoy the Bible **"the Spirit of God in Science"** FranciscoX. relationship to us in everyday terms They explore how the Spirit makes us Holy and the practicality of growing in discipleship of Christ in the Spirit even to the point of mysticism That s right mysticism Do you want to know how to become a mystic even within your busy schedule and everyday life Well here s where you ll find out how After explaining the specific ways in which the Spirit leads each of us to holiness and growth in our spiritual lives the concluding two chapters incorporate this into the Spirit s relationship to Our Lady These chapters focus on the depth and reality of Mary s union with the Holy Spirit and its implications on our spiritual and active lives as Christians With the marrying of the devotion to the Holy Spirit and Marian devotion the reader is left empowered to go out beyond themselves to share this Good News filled with the Spirit through the intercession of His well beloved Spouse the Immaculata **Rudimental Divine Science** ,1919 The
