Homeland: Carrie's Run [Prequel Book] Part 3 of 3 Andrew Kaplan, 2013-10-10 This book has been serialized into 3 parts this is PART 3 OF 3 137 pages The hunt is on in this edge of your seat original prequel thriller based on Showtime's hit series *HOMELAND* *Hollywood vs. The Author* Stephen Jay Schwartz, 2018-11-13 It's no secret that authors have a love hate relationship with Hollywood The oft repeated cliché that the book was better than the movie holds true for more reasons than the average reader will ever know When asked about selling their book rights to Hollywood authors like to joke that they drive their manuscripts to the border of Arizona and California and toss them over the fence driving back the way they came at breakneck speed This is probably because Hollywood just doesn't get it Its vision for the film or TV series rarely seems to match the vision of the author And for those rare individuals who've had the fortune of sitting across the desk from one of the myriad interchangeable development execs praising the brilliance of their work while ticking off a never ending list of notes for the rewrite the pros of pitching their work to Hollywood rarely outweigh the cons Stephen Jay Schwartz has sat on both sides of that desk first as the Director of Development for film director Wolfgang Petersen then as a screenwriter and author pitching his work to the film and television industry He's seen all sides of what is known in this small community as Development Hell The process is both amusing and heartbreaking Most authors whose work contains a modicum of commercial potential eventually find themselves in the room taking a shot at seeing their creations re visualized by agents producers or development executives What they often discover is that their audience is younger and less worldly as

themselves What passes for story notes is often a mishmash of vaguely connected ideas intended to put the producer's personal stamp on the project *Hollywood Versus The Author* is a collection of non-fiction anecdotes by authors who've had the pleasure of experiencing the development room firsthand some who have successfully managed to straddle the two worlds seeing their works morph into the kinds of feature films and TV shows that make them proud and others who stepped blindsided into that room after selling their first or second novels All the stories in this collection illustrate the great divide between the world of literature and the big or small screen They underscore the insanity of every crazy thing you've ever heard about Hollywood For insiders and outsiders alike *Hollywood Versus The Author* delivers the goods With contributions by Michael Connelly Lawrence Sanders Max Allan Collins Alan Jacobson Andrew Kaplan Tess Gerritsen James Brown Peter James Rob Roberge Lee Goldberg Naomi Hirahara T Jefferson Parker Diana Gould Joshua Corin and Alexandra Sokoloff

Pill Robert Bennett, 2019-03-21 *Object Lessons* is a series of short beautifully designed books about the hidden lives of ordinary things You are what you eat Never is this truer than when we use medications from beta blockers and aspirin to Viagra and epidurals and especially psychotropic pills that transform our minds as well as our bodies Meditating on how modern medicine increasingly measures out human identity not in T S Eliot's proverbial coffee spoons but in 1mg 5mg or 300mg doses *Pill* traces the uncanny presence of psychiatric pills through science medicine autobiography television cinema literature and popular music Robert Bennett reveals modern psychopharmacology to be a brave new world in which human identities thoughts emotions personalities and selves themselves are increasingly determined by the extraordinary powers of seemingly ordinary pills *Object Lessons* is published in partnership with an essay series in *The Atlantic* **e-Pedia: Game**
