You could catch your limit of fish before the others even realized what happened. You will be the envy of everyone. They will be coming to you asking and trying to get all your secrets. That would be fun. It could happen. And now you are given the opportunity to learn the easy step-by-step instructions for turning ordinary kitchen ingredients into your own homemade bait. Within the pages of this book are time-tested, once-secret fish bait recipes for trout, carp, and catfish. Included with the recipes are additional tips and strategies for making your fishing adventure a success.

Live Bait Fishing Gunnar Miesen, Steve Hauge, 2004-10 Every kid who ever started fishing probably tried to catch a panfish with a worm. That setup has been the tried and true method for generations. There are other kinds of live bait that work just as well, maybe even better in some conditions and for certain fish. In addition to the chapter on Worms, Leeches, this book covers Baitfish, Insects, Salamanders, Frogs, Crustaceans, and Other Natural Baits such as salmon eggs and clams. Complete information on how to catch and keep these baits is followed by sections on how to actually use each live bait type. New on the freshwater fishing scene in recent years is the use of dough baits and scents. Which one to choose, plus how and when to use each, is fully explained. Equipment is discussed in detail: hooks, bobbers, sinkers, rods, and reels. The authors suggest many tips for using different kinds of equipment in various fishing locations and situations. The final chapter matches common freshwater fish species with the best kind of live bait to use, depending on where the fish are and what time of year it is.
