*Policing Twentieth Century Ireland* Vicky Conway,2013-08-15 The twentieth century was a time of rapid social change in Ireland from colonial rule to independence civil war and later the Troubles from poverty to globalisation and the Celtic Tiger and from the rise to the fall of the Catholic Church Policing in Ireland has been shaped by all of these changes This book critically evaluates the creation of the new police force an Garda S och na in the 1920s and analyses how this institution was influenced by and responded to these substantial changes Beginning with an overview of policing in pre independence Ireland this book chronologically charts the history of policing in Ireland It presents data from oral history interviews with retired garda who served between the 1950s and 1990s giving unique insight into the experience of policing Ireland the first study of its kind in Ireland Particular attention is paid to the difficulties of transition the early encounters with the IRA the policing of the Blueshirts the world wars gangs in Dublin and the growth of drugs and crime Particularly noteworthy is the analysis of policing the Troubles and the immense difficulties that generated This book is essential reading for those interested in policing or Irish history but is equally important for those concerned with the legacy of colonialism and transition

*Terrorism, Rights and the Rule of Law* Barry Vaughan,Shane Kilcommings,2013-05-13 The rule of law is becoming a victim of the struggle against terrorism Many countries are reviewing their security procedures and questioning whether due process rights hinder them in the war on terror There is increasing emphasis on preventive detention or

strategies of disablement that cut into the liberties of suspects who may not have committed a crime The focus of this book is the Republic of Ireland where the risk of political violence has constantly threatened the Irish state To ensure its survival the state has resorted to emergency laws that weaken due process rights The effects of counter terrorism campaigns upon the rule of law governing criminal justice in Ireland are a central feature of this book Globalization has supported this crossover as organized crime seems immune to conventional policing tactics But globalization fragments the authority of the state by introducing a new justice network New regulatory agencies are entrusted with powers to control novel risks and social movements adopt a human rights discourse to contest state power and emergency laws The result of this conflux of actors and risks is the negotiation of the model of justice that citizens can expect Terrorism Rights and the Rule of Law contributes to current debates about civil liberties in the war on terror how counter terrorism can contaminate criminal justice and how globalization challenges a state centred view of criminal justice It will be of key interest to students of criminology law human rights and sociology as well as legal and other practitioners and policy makers *Crime, Punishment and the Search for Order in Ireland* Shane Kilcommings,2004
