**Being Material** Marie-Pier Boucher, Stefan Helmreich, Leila W. Kinney, Skylar Tibbits, Rebecca Uchill, 2019-10-22 Explorations of the many ways of being material in the digital age In his oracular 1995 book Being Digital Nicholas Negroponte predicted that social relations media and commerce would move from the realm of atoms to bits that human affairs would be increasingly untethered from the material world And yet in 2019 an age dominated by the digital we have not quite left the material world behind In Being Material artists and technologists explore the relationship of the digital to the material demonstrating that processes that seem wholly immaterial function within material constraints Digital technologies themselves they remind us are material things constituted by atoms of gold silver silicon copper tin tungsten and more The contributors explore five modes of being material programmable wearable livable invisible and audible Their contributions take the form of reports manifestos philosophical essays and artist portfolios among other configurations The book s cover merges the possibilities of paper with those of the digital featuring a bookmark like card that when seen by a smartphone generates graphic arrangements that unlock films music and other dynamic content on the book s website At once artist s book digitally activated object and collection of scholarship this book both
