Cybersecurity Program Development for Business Chris Moschovitis,2018-04-10 This is the book executives have been waiting for It is clear With deep expertise but in nontechnical language it describes what cybersecurity risks are and the decisions executives need to make to address them It is crisp Quick and to the point it doesn t waste words and won t waste your time It is candid There is no sure cybersecurity defense and Chris Moschovitis doesn t pretend there is instead he tells you how to understand your company s risk and make smart business decisions about what you can mitigate and what you cannot It is also in all likelihood the only book ever written or ever to be written about cybersecurity defense that is fun to read Thomas A Stewart Executive Director National Center for the Middle Market and Co Author of Woo Wow and Win Service Design Strategy and the Art of Customer Delight Get answers to all your cybersecurity questions In 2016 we reached a tipping point a moment where the global and local implications of cybersecurity became undeniable Despite the

seriousness of the topic the term cybersecurity still exasperates many people They feel terrorized and overwhelmed The majority of business people have very little understanding of cybersecurity how to manage it and what's really at risk This essential guide with its dozens of examples and case studies breaks down every element of the development and management of a cybersecurity program for the executive From understanding the need to core risk management principles to threats tools roles and responsibilities this book walks the reader through each step of developing and implementing a cybersecurity program Read cover to cover it's a thorough overview but it can also function as a useful reference book as individual questions and difficulties arise Unlike other cybersecurity books the text is not bogged down with industry jargon Speaks specifically to the executive who is not familiar with the development or implementation of cybersecurity programs Shows you how to make pragmatic rational and informed decisions for your organization Written by a top flight technologist with decades of experience and a track record of success If you're a business manager or executive who needs to make sense of cybersecurity this book demystifies it for you

Privacy, Regulations, and Cybersecurity Chris

Moschovitis, 2021-02-24 Protect business value stay compliant with global regulations and meet stakeholder demands with this privacy how to Privacy Regulations and Cybersecurity The Essential Business Guide is your guide to understanding what privacy really means in a corporate environment how privacy is different from cybersecurity why privacy is essential for your business and how to build privacy protections into your overall cybersecurity plan First author Chris Moschovitis walks you through our evolving definitions of privacy from the ancient world all the way to the General Law on Data Protection GDPR He then explains in friendly accessible language how to orient your preexisting cybersecurity program toward privacy and how to make sure your systems are compliant with current regulations This book a sequel to Moschovitis well received Cybersecurity Program Development for Business explains which regulations apply in which regions how they relate to the end goal of privacy and how to build privacy into both new and existing cybersecurity programs Keeping up with swiftly changing technology and business landscapes is no easy task Moschovitis provides down to earth actionable advice on how to avoid dangerous privacy leaks and protect your valuable data assets Learn how to design your cybersecurity program with privacy in mind Apply lessons from the GDPR and other landmark laws Remain compliant and even get ahead of the curve as privacy grows from a buzzword to a business must Learn how to protect what's of value to your company and your stakeholders regardless of business size or industry Understand privacy regulations from a business standpoint including which regulations apply and what they require Think through what privacy protections will mean in the post COVID environment Whether you're new to cybersecurity or already have the fundamentals this book will help you design and build a privacy centric regulation compliant cybersecurity program
