L'univers Politique Des Enfants:

L'univers politique des enfants Annick Percheron, 2012-04-02T00:00:00+02:00 La politisation des enfants et des adolescents est un sujet longuement débattu on la déplore on s'en félicite il arrive aussi qu'on la nie Mais que sait-on des conditions de leur vie de la cité de leur socialisation politique Pour chercher une réponse ces questions Annick Percheron a propos en 1969 et 1970 un questionnaire deux groupes de élèves de la région parisienne elle s'est efforcée de mesurer quelques-unes des dimensions fondamentales de leur univers politique au niveau de la structuration du vocabulaire et de la formation d'attitudes L'étude montre la cohérence de cet univers et l'extrême précocité de son organisation Elle rend compte de l'influence de facteurs tels que l'âge le sexe l'environnement social mais elle souligne aussi le rôle joué par la proximité avec une famille idéologique dans le développement politique de l'enfant Au-delà des phénomènes de socialisation d'une génération se trouvent ainsi posés les problèmes fondamentaux de la transmission et du renouvellement de la culture politique en France et ceux de la permanence des familles politiques

Growing into Politics Simone Abendschön, 2013-11-01 This book presents up to date empirical research on crucial questions of political socialisation It suggests new approaches and answers to a classic but still valid question of political socialisation research Who learns what from whom under what circumstances and with what effects Greenstein 1965 13 The volume maintains that political socialisation is no universal or independent phenomenon but one significantly shaped by the surrounding parameters of the society in which it is embedded Therefore deficits in political socialisation research have become especially clear in light of political and societal changes over recent decades The book contributes to two important discussions in the study of political socialisation first the question of the relative importance of

socialisation agents and contexts second inextricably interwoven with the first the timing of political socialisation From a European perspective articles in the volume shed light on old problems and topics of the field using new methodological approaches or dealing with long neglected perspectives such as young children s democratic learning or political socialisation Includes quantitative approaches as well as innovative and explorative case studies
