[Studying Language through Literature](#) Emilia Di Martino, Bruna Di Sabato, 2014-11-10 Studying Language through Literature invites readers to reconsider the opportunity represented by literary texts for language related purposes. Despite the close relationship between literature and language in educational contexts literature is frequently associated with teaching practices which have been judged to be unsuccessful. Subsequently texts of the non literary type are preferred on the basis that they are authentic and closer to real language. The everlasting relationship between language and literature is here reassessed starting from two assumptions literature is the expression of an emphasized perception of reality be it private collective or pertaining to a certain temporal spatial context and literary language is language in its utmost form. Following an outline of the philosophy that governs the book each chapter presents specific insights on the use of the various different literary genres namely fiction poetry and drama. The opportunities offered by translation in the foreign language classroom constitute a recurrent theme throughout the book although Chapter 5 is entirely devoted to translation criticism. The closing pages put forward a few reflections on assessment. While offering some food for thought in order to reassess the role of literature in the language class this book puts together ideas considerations and suggestions from which the reader is free to pick mix and adjust exploiting them to her/his greatest benefit.

*Lullaby: Watersong 2* Amanda Hocking, 2012-12-01 Gemma tried not to hate them but it was just too little and way too late. Gemma had to disappear with Penn Lexi and Thea after a night of incredible violence on the island. She can still barely come to terms with her new affinity with the ocean and the siren powers that go with it. Now she's been transformed Gemma has no choice but to leave all she loves behind including Alex. She swears she won't lose her humanity but the call of the sea is maddening and compulsive. Harper won't give up on her missing sister.

The search draws her closer than she'd like to bohemian Daniel but she could really use his help They'd almost given up until a small news item tells of a horrific murder in a nearby beach town and Harper thinks she's found the deadly circle But can Gemma's curse be reversed and what if she doesn't want to come home     *The Supervisors Service Bulletin* ,1928
