the light It was as thick as her lower arm tapering off into a point at the tip The sides were dotted with light green spots that stood out against the dark green skin It hovered for a moment in front of her face as if it was looking at her with unseen eyes Mag held her breath waiting for what would come next Slowly it reached for her face the smoothness caressing down her cheek and against her neck She closed her eyes Something about it was comforting it felt nice almost sensual From her neck the tentacle hooked into the collar of her suit and with a sudden movement ripped it cleanly from her body Mag jumped with surprise as the thick tentacle wrapped itself around her midsection the end curling over her belly Keywords Scifi Erotica Tentacle Erotica Monster Sex Alien Sex Bondage Retrained Double Penetration Pregnancy Impregnation Breeding

considered moving the creature's appendages rippled and then it slid down the side into the tub the shower water pounding on it. It seemed to like it spreading its body out flat so as much skin as possible was sprayed by the hot water. Its appendages splayed out to each side wriggling in pleasure. Kaycee realized exactly how strange it was that she was standing here in the shower watching this creature and reached for the curtain to climb out when she noticed something out of the corner of her eye. She turned back to the creature and stared in amazement as its little legs started to grow. They were all squirming and twisting growing longer and thicker some growing faster than others. It was bizarre as if somehow the water was empowering this creature making it grow at an alarming rate. Some of the legs were growing as thick as her forearm looking like long thick tentacles. She was so transfixed by the undulating appendages Kaycee didn't notice the thin one that was snaking towards her foot. She was surprised when it wrapped around her ankle holding her firmly. At its touch a sensation flashed through her body one of pleasure and wanting. She didn't pull away didn't want to pull away. Another appendage slithered towards her gently twisting around her other ankle. Pleasure began pulsating from that tentacle's grasp.
