How to Get Published in the Best Marketing Journals David W. Stewart, Daniel M. Ladik, 2019 This essential guide edited by experienced journal editors is the definitive sourcebook for prospective authors who are seeking direction and advice about developing academic papers in marketing that will have a high probability of publication in the best journals in the discipline It brings together a wealth of contributors all of whom are experienced researchers and have been published in the leading marketing journals

Ethics and Project Management Ralph L. Kliem, PMP, 2011-10-12 Ethics plays a critical role in project management but all too often its importance is overlooked This benign neglect can result in serious consequences to individuals and organizations ranging from tarnished reputations to civil and criminal liability Ethics and Project Management demonstrates the importance of making ethics a key consideration in managing projects and describes the impacts that occur when ethical transgressions arise Providing the tools necessary for project managers to avoid an ethical lapse that can put themselves and their organization at risk this volume Defines ethics and places it within the project management context Discusses the contents of the Project Management Institute's code of ethics Enables project managers to recognize the trends that precipitate ethical dilemmas on a project Demonstrates how ethical concerns permeate the entire project life cycle Provides tips on establishing a governance protocol to ensure ethical compliance Explores legal issues that arise from unethical behavior Examines how ethical concerns on a project can have global implications and how to operate in international settings with cultural differences Each chapter ends with a Getting Started Checklist facilitating immediate application of the concepts discussed and making it easy for project managers to determine whether they are in compliance with ethical standards Providing a solid roadmap for the ethical health of a project this volume is essential reading for all those concerned with avoiding the disastrous consequences of a cavalier approach to ethics Praise for the book a great desktop reference for any project manager It is a must have title to complete any project management library and I recommend it to both new and highly experienced project managers Gregg D Richie PMP MCTS CNP Managing Principal P8 LLC

Ethics and Project Management Ralph L. Kliem, PMP, 2011-10-14 Written for project managers who may encounter ethical dilemmas this book considers typical and atypical ethical issues that may occur in each phase of the project life cycle Exploring the consequences of those issues and challenges on project performance it examines the contents of the Project Management Institute's code of ethics The text covers key laws and regulations and explains how to balance the right level of control promote progress of projects and ensure lapses in ethical behavior are not encouraged or permitted

Managing Sustainable Stakeholder Relationships Linda O'Riordan, 2017-09-01 This book examines corporate approaches to responsible management by investigating the stakeholder relationships between business and society Though concepts of responsible management continue to evolve its key objective is to explore the opportunities and dilemmas which business decision makers face when attempting to reconcile their organisation's interests with those of other stakeholder

groups In this intensely debated field it focuses on the power of entrepreneurial purpose and the opportunities which emerge when corporate choices and actions are driven by connected stakeholder interests A case study of the pharmaceutical industry in the UK and Germany is presented to reveal how decision makers in this particular sector are responding to their context specific management challenges The research findings are subsequently employed to examine and revise a pre specified stakeholder management framework which was previously developed by the author The proposed updated framework is the book s main conceptual contribution By depicting a set of inclusive integrated and inter related steps it is intended to provide an innovative comprehensive practical toolkit for stakeholder management As such it is designed to help decision makers to attain the greatest possible outcome from the resources they invest by consciously basing their choices not merely on the impacts for their shareholders but also and more holistically for a broader range of stakeholders Ultimately the book demonstrates how optimally harmonised stakeholder management can serve as a powerful catalyst for unlocking viable business opportunities which serve the interests of business and society
